Spitfire Pyrotechnics has been in business for over fifteen years. The company consists of a tight knit group of dedicated individuals whose expertise and knowledge of Fireworks displays soon become apparent when the button is pressed and the show begins.

For many years our speciality has been the marriage of fireworks to music to create tightly synchronized displays of the highest standard.

Having won the British Musical Firework Championships two years running we qualify to go head to head with all of the previous winners to see which company walks away with the coveted, British Musical Fireworks Champion of Champions title.

MLE Pyrotechnics Limited Daventry / Rugby

MLE Pyrotechnics are pleased to be hosting the event at Combermere Abbey. As organisers we aren't competing in the competition so we'll be providing a finale display to close the event.

In 2005 we achieved 1st place at the British Firework Championships and since then we have been awarded 1st and 2nd places at several competitions.

Aside from importing award winning fireworks for the UK professional market, we also manufacture one of the worlds most advanced digital firing systems, FireByWire®, allowing the precise synchronisation of fireworks to music.

We hope you enjoy our show and those of the excellent competing teams.
